

Dwyane George
6.170 Individual Reflection
Critique for other team members

Yi-Shiuan

- Good
 - Strong team player
 - Provided support when others needed help
 - Responsive to communication over the phone and email
- Improve
 - Teamwork
 - At times, it would have been good if you asked others for help if you became stuck on a small detail of what you were working on
 - Updating the Google document with your progress would have been helpful at times
 - Technical
 - Avoid checking in broken code on the master branch by testing a feature out first

Deborah

- Good
 - Took on a strong leadership role at times
 - Strong sense of initiative
 - Often on top of your work and schedule
- Improve
 - Teamwork
 - There were a few times I thought you could have been more efficient by asking for help on what you were working on rather than getting stuck on small details
 - Sometimes your leadership felt like you were taking too much control
 - Be more open to the design suggestions or implementation recommendations of others
 - Technical
 - Being detail oriented sometimes resulted in losing sight of the big picture
